BROADLEAF COLLECTION

DISTINCTIVE BEAUTY

Bromley

The Broadleaf Collection, constructed from European Oak and American Hickory broadleaf trees, utilizes a unique style of cutting hardwoods to produce stunning visuals throughout the growth rings of the planks. The distinctive beauty and design is enhanced by generous lengths, light wire brushing and wide plank widths. Engineered to a base layer of Eucalyptus, the Earth's most environmentally friendly wood fiber to generate greater durability and stability than most other hardwoods, Broadleaf brings unique design, durability from renewable resources and the beauty of nature to your home.

MAINTENANCE

WE'RE WITH YOU ALL THE WAY.

Warranty

Lifetime Limited Residential Warranty on Product Structure*

Naturale Elegance Floor products are engineered for better dimensional stability. If under normal household conditions (30-55% RH, 60-80 degrees Fahrenheit), the product was to experience structural failure, Naturale Elegance will repair, replace or refund at our sole discretion. See Maintenance and Warranty Guide for full details.

Lifetime Limited Residential Finish Warranty*

Under normal residential conditions, along with proper maintenance, Naturale Elegance finishes will not wear through, peel, or separate from the planks, when properly maintained with authorized maintenance products. See Maintenance and Warranty Guide for full details.

**Warranty valid for original purchaser only. Warranty is non-transferable. See Maintenance and Warranty Guide for full details.*

Taking proper care of your hardwood floor is essential if you want them to last. To keep your floors in best condition, install felt protector pads on the bottom of all furniture and place mats or rugs at all entrances. Sweep, vacuum, and dust mop regularly. Wipe up spills immediately with a dampened cloth and follow up with a non residue forming hardwood specific floor cleaner (Arboritec cleaner is recommended). Avoid using wet mops, household dust treatments, petroleum-based cleaner, or steam cleaners.

COLOR, GRAINING & NATURAL CHANGES

Wood is a natural product that features distinct color and graining. Each board is unique in its characteristics and will vary from piece to piece. Each board can vary from a clean to rustic visual and contain small to large filled knots and splits, sap wood, and a high contrast

within the natural and lighter stained visuals. These subtleties may become more distinct over time due to exposure of direct sunlight. Occasional rearranging of furniture and rugs will help reduce the potential effects of the sun.

Nottingham

Note: The wood floors pictured are representations of the actual product and therefore may vary in appearance from your entire installed floor.

BENEFITS

Finish: Aluminum oxide fortified. 25 year wear warranty.

Structure: Slice cut face provides the highest possible stability while maintaining a traditional sawn cut visual. Lifetime Structural Guarantee.

Clean Air: Meets or Exceeds Carb II Air Quality Requirements for your home and the environment.

QUALITY

Hardwood Timber: Naturel Elegance sources the Hickorys and European Oaks used in the construction of our floors wear layer from sustainable hardwood supplies.

Base Layer Materials: Eucalyptus veneers make up the centerply in our hardwood flooring. As one of the strongest and most stable species available, Eucalyptus is rapidly renewable and the most environmentally friendly wood product on Earth because it is the fastest growing plant on record. Eucalyptus flooring can be twice as hard as oak floors and expand at half the rate of most hardwoods, making the wood fibers in Eucalyptus ideal for flooring.

Air Quality: Cold press melamine glue process adheres and hardens the veneers while providing the added advantage of increased moisture resistance. This process Meets or Exceeds Carb II Requirements for Air Quality.

Slice cut: Slice cut hardwood allows for a thick face cut while producing Traditional Hardwood visuals. Slice cut engineered floors use hardwood materials more efficiently while providing the highest possible stability in a hardwood plank.

Eco-Aluminum Oxide Finish: Nanotechnology incorporates the fortifying mineral of aluminum oxide into the protective top coats of finish providing a 25 year wear warranty.

Grantham

FEATURES

Dimensions: 7.5" x 6' Random Long Length

Wear Layer: 1/2" 2mm Slice Cut

Finish: Eco Institute Approved
Aluminum Oxide

Style: Wirebrushed

Base Layer: Engineered Eucalyptus

Edge Detail: Micro Bevel

Installation: Glue Down
Nail Down/staple
Float
